To help reduce the risk of being the victim of a burglary:

Ensure doors and windows are closed and locked. During periods of high temperatures, use a lock or item which only allows the window to open small distances.

If you live on campus and your windows or doors won't lock, please contact Housing Maintenance at (858) 534-2600 or email them at: hdhfixit@ucsd.edu.

If your office windows or doors won't lock, please contact Facilities Management. Visit <http://blink.ucsd.edu/sponsor/facilities-mgmt/>.

Be aware of your surroundings. If you see suspicious activity, call the UC San Diego Police Department immediately via 9-1-1.

Know the location of **campus emergency telephones** on routes to and from campus destinations.

Avoid displaying and/or placing high value items close to windows. Items such as computers, cellular phones, wallets, and purses can be easily grabbed from open windows and also may be incentives for criminals to try and enter the residence.

Secure your valuables at all times.

Be alert and aware. Pay full attention to who is around when you leave and return to your residence or office. If returning at night, leave a light on inside as a visual deterrent.

The information about this incident is being reported to you in accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.
