ALL ACADEMICS, STAFF AND STUDENTS AT UC SAN DIEGO

SUBJECT: Community Alert Bulletin – Indecent Exposure Incidents

The UCSD Police Department and San Diego Police Department would like to advise all UCSD students, staff, and faculty of a series of indecent exposure incidents that have occurred in the University City area of La Jolla/San Diego.

From January to March 2019, there have been at least six reported incidents of a male who appears to be jogging in the area exposing himself to women. The suspect runs up to the female victims who are typically walking in the neighborhood and exposes his genitals before running away. The suspect has been seen wearing black or gray running shorts and a green or black hoodie pulled up. The suspect is described as a white or Hispanic male adult, in his 20’s or 30’s, approximately 5’ 5” to 5’ 10” tall, approximately 150lbs, with a beard in most incidents.

The suspect has not been apprehended and the investigation is on-going.

If someone exposes or attempts to expose their genitals to you, get to a safe location and immediately call 9-1-1 and inform police of your location, the location of the incident and the suspect’s description.

UC San Diego does not tolerate sexual assault, sexual misconduct or sexual harassment. The University encourages anyone who has been sexually assaulted or subject to other forms of sexual misconduct or harassment to report the incident to University officials. Survivors of any form of sexual assault are encouraged to seek confidential support at UC San Diego’s CARE at the Sexual Assault Resource Center (CARE at SARC), which is located at the Student Services Center, Suite #500. CARE advocates are available at (858) 534-5793 during business hours. Additional information on options for reporting sexual violence and resources for survivors can be found at the UC San Diego’s Office for the Prevention of Harassment and Discrimination (OPHD) website http://ophd.ucsd.edu.
